Enable/Disable "Reset now" button in Global APB
Enable/Disable "Reset now" button in Global APB

Procedure Steps

The "Reset Now" button for Global APB can be restricted as follows:

- From OnGuard System Administration menu bar:
  - Select Administration----> Users
  - Select System Permission Groups
  - Click the 'Modify' button
  - Select Software Options
  - Expand the Software Options tree
  - On the "System configuration" filed, enable the "View/Access" and "Modify" switches.

  - Click 'OK' to save changes.

Applies To

OnGuard (All versions)
