How do you change your view of a trace in Alarm Monitoring?

Procedure Steps

1. Right-click on the device you want to trace and select **Trace**.
2. Click [OK] in the pop-up window.
3. Select **Configure > Columns**.
4. Move fields over to the **Columns to view** section to show the fields you want to see during a trace.
5. Click [OK].
6. Close the trace window.
7. Right-click on the device you want to trace and select **Trace** again.
8. Select either a Live or Historical Trace.

Applies To

OnGuard (All versions)
