

What documentation will help me install and configure my Lenel ILS system?

Last Modified on 10/06/2022 4:16 am EDT

Question

What documentation will help me install and configure my Lenel ILS system?

Answer

Before any attempt to install or configure a Lenel ILS system, refer to the following documentation. These documents are also articles in the Lenel Knowledge Base.

ILS Lock Operation User Guide: This document explains the steps necessary to configure and commission a Lenel ILS system.

System Administration User Guide, Appendix K: This appendix details the configuration of ILS locks, wireless access points and PDAs in OnGuard specifically.

In addition to the above documentation, the following elective training courses are available from Lenel Global Education.

EL-5650-1 - ILS Lock Hardware

EL-5650-2 - ILS Configuration and Usage

Applies To

OnGuard 2010 (6.4.500) or later

Lenel ILS

Additional Information

None
