How to change the CMS badge replacement reason

Changing the CMS badge replacement reason

Procedure Steps

When issuing a replacement CMS badge, the default replacement reason is **LOST**. However, you can change the replacement reason by adding the following **acs.ini** setting:

```
[Encoding]
CMSReplacementReason=DAMAGED
```

The following are the possible replacement reasons:

-
  - LOST
  - STOLEN
  - DAMAGED

Applies To

OnGuard (All versions)
