How to enable Alarm Name for Access Granted/Access Denied for Destination Floors

Procedure Steps

1. From **System Administration** open [Monitoring] and select [Alarms].
2. Find the alarm titled, **Access Granted to Destination Floor**.
3. Identify the current selection for **Alarm description Format**. Refer to example below.

4. Select [Alarm Name Only] if it is not already selected.

5. Save the Alarm Configuration.
6. Restart **Alarm Monitoring**. The display of the alarms will change.

Applies To

OnGuard (All versions)
