Question

I cannot find a shortcut to the Security Utility. Where is it located?

Answer

If the Security Utility is not found in the OnGuard program group in the Start Menu, launch it manually from the following location:

Program Files\Common Files\Lenel\LnlSP2Utility.exe

or in later versions

"C:\Program Files (x86)\Common Files\Lenel\LnlCmn.Security.App.exe"

Applies To

OnGuard (All versions)

Additional Information

None
