

How to change default port 8080 for console and web clients/modules

Last Modified on 10/06/2022 4:17 am EDT

How to change the default port for the OnGuard web console and web clients/modules from 8080 to a custom port.

Procedure Steps

To change ports in OnGuard from the default port 8080 you will have to modify the following files:

- C:\Program Files (x86)\OnGuard\InI.og.webeventbridgeservice.exe.config
- C:\ProgramData\LnI\nginx\conf\nginx.conf
- C:\Program Files (x86)\OnGuard\CSS\api\config\default.json
- C:\Program Files (x86)\OnGuard\doc\en-US\OpenAccess Samples\Web\EventSubscriber\js\app\app.js

Applies To

OnGuard 7.4 and later
