Question

When does the "License Will Soon Expire - X Days left" alarm occur?

Answer

Every day at 10 AM, the Linkage Server checks the license for the expiration date.

- If the license is going to expire in 44 days, the system generates the alarm once per week.
- If the license is going to expire in 14 days, the system generates the alarm every day at 10 AM.
- If the license is going to expire in 1 day, the system generates the alarm every 4 hours.
