# Multiple imports from NetDVMS may cause error displaying video in System Administration

## Symptom

Importing cameras multiple times from the same NetDVMS might result in a **Connection Error** message when selecting the **Display Video** checkbox on the **Camera** tab in System Administration for cameras on the associated NetDVMS.

## Resolution

Log out of System Administration, and then log back into System Administration.

## Applies To

OnGuard 2010 (6.4.500) or later
SkyPoint NetDVMS

## Additional Information

None
