Visitor Management: A Change in User Permissions Requires Recycling the Application Pool (DE1275)

Problem Overview

Visitor Management: A Change in User Permissions Requires Recycling the Application Pool (DE1275)

Detailed Description

Changes made to permissions are not immediately applied for Visitor Management Host. Recycling the application pool in IIS will allow the correct permissions to be applied.

Applies To

OnGuard 2009 (6.3.249) or later

Additional Information

None
