

On 64 bit OS trying to find ODBCAD32

Last Modified on 10/06/2022 4:21 am EDT

Symptom

Installed OnGuard on Windows 7 64-bit and went to create an ODBC connection to the server. No Lenel DSN exists. Opened the default folder of **C:\Windows\syswow64\odbcad32** and under the **System DSN** tab there was no **Lenel** DSN.

Resolution

Try looking in:

- C:\Windows\syswow64\odbcad32 Or
- C:\Windows\system32\odbcad32 Or
- C:\Windows\winsxs\odbcad32

Applies To

OnGuard 2010 Technology Update (6.4.500 TU)

Windows 7 64-bit
